## Welcome MESSAGE

Our customers, on behalf of Ghanem M. Al-Qahtani Management Consulting Company (GMQConsulting) management and partners, I am very delighted to welcome you all and thank you for giving us the opportunity to serve you and address your business challenges. We are at GMQconsulting are putting the most possible adding value efforts and strategy not only to meet your expectations but also exceeding them capitalizing on our recognized partners, consultants and valued employees. We are familiar with best-in-class best practices, field experience, certification and benchmarking. Our expertise covers the areas of engineering, operations, Safety, maintenance and asset management, project management, HR, recruitment, training certification, IT, facility management, event management and work performance recovery and wellbeing.

Last but not least and due to our belief that each business entity is considering human capital sourcing, training & development as one of its top priorities, we came up with our process to source and qualify young Saudi workforce job seekers and include them in our data base for our customers recruitment team to select and hire from.

## ABOUT US

We specialize in providing innovative and tailored solutions to meet each client's unique needs. Also, we are keen in developing and strengthening the management systems, processes and human capital quality of an organization to improve performance and create value for stakeholders.

We understand that every organization faces its own challenges. Therefore, at GMQConsulting we strive to provide each customer with customized strategies that enhance their strengths and address the most pressing challenges. Our successful approach starts with meeting your Subject matters experts, listens to their challenges, conducting some through analysis, benchmarking and then designing transformative administrative processes to developing sustainable strategies to overcome organizations barriers and achieve their full potential. Also, we collaborate with our customers and job seekers by providing strategies and tools to develop human capital to ensure they provide economic value to the company along with implementing learning management systems to track employees training and results.

## VISION, MISSION & VALUES
